

10 December 1954

MEMORANDUM FOR: Chief, Management Staff  
ATTENTION: Records Management Division  
VIA: Chief, FI  
Chief, Staff C  
SUBJECT: Amount of Material and Equipment Surveyed

1. Reference is made to your memorandum of 7 December 1954, requesting that RI furnish your office the "tabulation of the total amount of material and equipment covered in the Records Control Schedules" for the Clandestine Services.
2. The Records Integration Division has not completed its record surveys to the extent that accurate equipment figures of the type requested can be submitted for the Clandestine Services. It is suggested, however, that the Building Supply Officer be queried for this information.
3. As your office is aware, operational security has precluded the Clandestine Services from issuing compilations of its record holdings, either by its subject contents or volume.
